ABOUT US

We are a floral hire company that specialises in creating stylish, unforgettable, artificial floral displays for weddings and other special occasions. Using the highest quality silk flowers, we are able to create dramatic designs for the perfect mood and setting for your event. Our flowers are available all year round, on a rental basis and unlike fresh flowers, they are always in season!

Our products include statement centrepieces, arches and backdrops.

Our clients come to us for easy 'off-the-shelf' design solutions for their events and we offer our products as pre-designed collections - that way we take away some of the pressure that comes with planning an event. If you come to us, simply select a look that fits your style.

What's also great about our designs is that they are a great alternative to fresh flowers...and at a fraction of the cost. Our flowers are environmentally friendly and offer an allergy-free event styling solution for you and your guests.

The gazebo is draped with white fabric. On either side of the aisle, rows of white folding chairs are arranged. Large, white, floral arrangements are placed at the ends of the aisle. TEXTURED BLISS

COLLECTION

TEXTURED BLISS

The Textured Bliss Collection creates what we would describe as elegant fun!

The collection boasts textured centrepieces consisting of cherry blossom blooms layered over hydrangeas, delphiniums and orchids. When paired with its accompanying arch, this collection echoes warmth and a fresh spring charm.

Our Textured Bliss Collection works well for those who love that 'classic-with-a-twist' look. The neutral colours and the different textures of the blooms will transform your wedding space into a romantically woven, beautiful, messy paradise.

FAQS

1.) Do you offer fresh flowers?

No, we don't as our speciality is providing (artificial) silk floral arrangements for hire. However, for bespoke design requirements, we can offer fresh flowers and would partner with a florist for this. Feel free to send us your ideas and we will gladly provide you a quote.

2.) Do you offer a bespoke service for your silk floral arrangements?

No, we don't. A key benefit of our service is that we have ready-made collections of floral arrangements that can suit any décor, at a fraction of the price of fresh flowers. It's also fuss-free and takes away a little pressure from you!

3.) What is your minimum order fee?

Our minimum order fee is £2,000. However, for events held during the restrictive times of the COVID-19 pandemic, this will be lower and will be discussed at your consultation.

4.) Do you offer bespoke designs?

We offer slight modifications to existing silk floral collections (inclusion of a few stems of flowers in a colour of your choice) but mainly limit the introduction of bespoke designs, unless it's using fresh flowers. We would be happy to quote for this on request..

5.) Let's say I like one of your collections. However, I would like to change the colour. Is this possible?

Our collections are available on a hire-as-seen basis; however, you can request the inclusion of a few stems of flowers in a colour of your choice as a slight modification. Additional charges apply for this.

6.) How far outside London do you travel?

We are based in HA1, London and will travel up to a maximum of two hours for a one-way journey from our base. This distance will be reflected in the delivery and set-up costs of your quote.
